Section 6082(a) (Page 83, line 11) is amended by striking the phrase "for clean-team services" and inserting the phrase "to a Business Improvement District for clean-team services" in its place.

Rationale for amendment:

This is a technical amendment to correct the apparent deletion of the phrase "Business Improvement District" when this section was transferred from the Committee on Transportation and the Environment to the Committee of the Whole.

This section directs funds identified by the Committee on Transportation and the Environment to be used to create three new clean teams. In the Budget Support Act section of its Committee Report, the Committee on Transportation and the Environment directed that these funds be made available on a competitive basis to Business Improvement Districts. While this subtitle was undergoing review in the Committee of the Whole, the phrase "Business Improvement District" was apparently removed, likely inadvertently. This amendment reinserts this phrase to clarify the Committee's intent.
